ADA Compliance Removes Barriers to Sales

TAMPA, FL- ADA compliance is an important piece of a retail store's design. American Products, Inc. (API) can help your store remain in compliance and attract more customers!

American Products, Inc. (API) is a supplier of storefront materials and fixtures for retailers. Their product line includes doors, fitting rooms, and cash wraps that can be custom designed to meet your needs.

API offers a full line of doors and door hardware that are designed to meet or exceed the ADA standards. In addition, API's nearly endless variety of colors and finishes allows retailers to create a unique, custom look that will their patrons coming back again and again.

Entry doors and fitting rooms / dressing rooms are an area where compliance is especially important, but sometimes difficult. API can help retailers create fitting rooms that maximize the available space while giving customers with disabilities a pleasant shopping experience.

"ADA compliance is becoming more and more important in today's retail store," says Kerri Beals, General Manager of American Products, Inc. (API). "As the Boomers age and become mobility-impaired, they're going to expect the same level of service that they have been accustomed to all their lives. It is definitely in a retailer's best interest to meet and exceed current ADA standards."
